## TOWARDS NEW WORLD ORDER

# Election debacle paves the way

by Michael Mangan

IT TOOK 36 DIZZYING DAYS and over 40 lawsuits, but we finally have a winner after one of the closest, strangest and most disputed presidential elections in United States history.

Our prayers and best wishes go out to our new President-elect, George W. Bush, who we trust will restore a measure of dignity and morality to our nation's highest office.

If some interpret his victory as something of a reprieve—after all, the Supreme Court decision that ended this national nightmare was handed down on December 12, the Feast of Our Lady of Guadalupe, the Patroness of the Americas—it's hard to believe it will be a lasting one considering the depraved state of our country: "The Father has given you over to a reprobate sense. You defile your bodies among yourselves. Immodesty! Immorality! You lower yourselves to the rank of the animals!" (Our Lady, November 1, 1974)

### THE BIG LOSER

While Mr. Bush emerged as the winner from the election chaos, unfortunately America is the big loser—a country sharply divided. This once great nation, "a beacon of light for the world, a guide for Christendom," (Jesus, December 24, 1979) has been torn asunder for all to see and for the octopus of evil to gleefully exploit.

*A Polaroid photo taken of Veronica (l.) at the May 15, 1976 Rosary Vigil by Margaret Stevens of South Weymouth, Mass. A white luminous cross miraculously appears overwhelming the American flag, barely visible. During the Vigil, Our Lady said to Veronica: "Your country shall receive the cross. My child! Now you understand. My child, the photograph. The cross to many shall be their salvation."*

Our Lady has already explained why this Florida fiasco happened: "The United States is as like the eagle plucked bare by its enemies, plucked bare by misrepresentation, plucked bare by sin. Your country is very sick, My children." (March 26, 1983)

### THE CURE

The spiritual malaise that set in many years ago has developed into a full-blown disease that is now rearing its ugly head. And unless we as a nation apply the cure—heed Our Lady's message at Bayside—it will

only lead to greater pain and suffering, and eventually, death.

In other words, as Heaven has prophesied, much woe shall be set upon America in the form of riots, race wars, invasion, enslavement, the Warning, and finally the Great Chastisement—WWIII and the fiery comet, named the Ball of Redemption, that will claim billions of lives!

### VIRGIN'S PROTECTION

Although this nation has enjoyed the fruit of its consecration to the Immaculate Conception, Our Lady explained that, like all of Heaven's promises and prophecies, it is conditional: "It is only because many years ago you consecrated your country to Me that you have not received the destruction that is gradually coming closer to you from the outside world. But if you turn from Me now I no longer will be able to shield you." (July 1, 1971)

Thank God for Our Lady's powerful and heartfelt intercession, especially under the glorious title of Our Lady of the Roses, Mary Help of Mothers, that has won us reprieve after reprieve. Jesus affirmed: "But for the tears of My Mother, you, O United States of America, would have received a just chastisement long ago." (February 1, 1978)

However, Our Lady told Veronica in locution in 1994: "I cannot intercede for the world much longer." (June 30 at 12:32 p.m.)

### SAY WHAT?

And we certainly don't give Our Lady much leverage when 50 percent of Catholics voted in this presidential election for Al Gore, who

proudly asserts a woman’s right to murder, including the frightful partial-birth abortion, and supports homosexuality and “domestic partnerships,” with rights comparable to marriage!

**DAMAGE IS DONE**

With this torturous election mess of recounts, dimpled chads, lawsuits, and perverse judges (Our Lady, June 16, 1977), wearied Americans are disillusioned, angry, or confused—or just plain indifferent. A deep division has set in and brought immeasurable damage to the fabric of our nation. America’s sick soul has been exposed, and it seems that recovery would require a miracle.

Surprisingly, the Chief Justice of the Florida Supreme Court, Charles Wells, sounded the alarm. In his dissenting opinion on December 8, he stated: “I have to conclude that there is a real and present likelihood that this constitutional crisis will do substantial damage to our country, our state, and to this court as an institution.”

**NEW WORLD ORDER**

It is precisely conditions like these that will help pave the way for the New World Order lusted for by the power elite, the head of the octopus, “a group of leaders, bent, My children, on world conquest.” (Our Lady, December 6, 1975) Our Lady enlarged: “There are . . . grand masters in the world, who now seek to govern the lives of every man, woman and child. They are gathering together to bring mankind under servitude.” (December 28, 1976)

In fact, this election debacle was probably orchestrated by them. As Franklin Roosevelt once said: “In politics, nothing happens by accident. If it happens, you can bet it was planned that way.”

Indeed, many Americans would need little convincing or would welcome a fresh change in governing, especially if the quick and easy cure is that knight in shining armor who comes to the rescue. Sadly, though, this will not be a man of God, but the Antichrist. Ultimately, this election wasn’t so much about who won, but

about the accelerated conditioning of the masses and deflating the proud American spirit, once admired the world over.

**THE ANTICHRIST**

Our Lady explained: “The state of your world has been reduced by the immorality. The state of your world is capitulating now to all of the forces of the octopus that will seek to bring about a one-world religion and a one-world government under a supreme dictator of evil.” (March 18, 1978)

And on October 6, 1992, Our Lady added: “Whatever shall become of you all in the chaos that is fast coming to your country and other nations of the world! There will soon enter upon your world a despot. . . . And the Book of Life refers to him as the Antichrist. . . . Your nation, the United States, shall fall to the despot, and you will be all enslaved by him!”

n a fascinating revelation, St. Michael the Archangel identifies the real and invisible ruler who exercises power from

behind the scenes: “Hasten, harken, and listen, for I shall not repeat this to you! There is a man who hides behind the mask ruling your country! He will soon approach and reveal himself. He is the man who compromises your country for the love of power. He has affiliated A-L-L of the money powers of the world, joined them for unity of a one-world government. Step down and reveal yourself, the leader—”

“Veronica: Oh, my goodness! Oh, my goodness! The man behind the mask—Mr. Rockefeller, the man behind the mask!” (September 13, 1975)

David Rockefeller, former chairman of Chase Manhattan bank, confirmed this message at the June, 1991 Bilderberg meeting in Baden-Baden, Germany: “We are grateful to the *Washington Post*, *The New York Times*, *Time Magazine* and other great publications whose directors have attended our meetings and respected their

promises of discretion for almost forty years.”

He went on to explain: “It would have been impossible for us to develop our plan for the world if we had been subjected to the lights of publicity during those years. But the world is more sophisticated and prepared to march towards a world government. The supernational sovereignty of an intellectual elite and world bankers is surely preferable to the national autodetermination practiced in past centuries.”

Previously, Our Lady stated: “The man in the mask, he rules over your country. The others are but hirelings to do his bidding.” (July 25, 1974)

Could Mr. Rockefeller be preparing to reveal himself in the near future? Only prayer and good works can stop him and his agents now.

**MISSION INDISPENSABLE**

Therein lies the urgent need and inestimable value of the Bayside Mission—and your role and mine as latter day disciples under the patronage of St. Michael, the warrior. We shout from the rooftops Heaven’s exposé of the evil of the day and, of course, this Mission constantly generates prayers and sacrifices that are like salve to the poor plucked eagle.

Yea, it was George Washington that stated that “of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports.”

And so, we earnestly pray that the will of the people conform to the Will of God and the faithful observance of His Ten Commandments. That is Our Lady’s message and that is the only solution. Anything less and this nation will soon be enslaved.

**NO MAKE-BELIEVE**

Although we all would like to be bearers of glad tidings, especially during this Christmas season, Our Lady, expresses the sober reality: “My child, many have said My message is a frightening one, but what can I tell you but the truth? Gladly would I come to you with words of cheer, but I can only extend to you words of courage and caution.” (July 15, 1978)

Onward Christian soldiers!

# A Nation Divided

By David Martin

THE MESSAGE OF BAYSIDE HAS spoken of a time of trial and civil unrest that is coming to America.

In light of the recent presidential election, we would do well to consider the following prophecy from Our Lady, as it was given to Veronica of the Cross on October 6, 1980: "Your country, the United States, My child, shall have great trial—the winter and the wars. There shall be internal strife in your government, and your streets will become running with blood."

We know from the message that all prophecy given is conditional to man's response, meaning, that we as a nation have it within our power to appease God's anger and avert the coming disaster through a favorable response to the message.

However, Our Lady says that we as a nation are calling down upon ourselves the hand of God by our present day ordinance of legalized murder—the killing of the unborn through abortion. And especially, too, with the recent government approval of RU486, the abortion pill, this has killed any hopes for a reprieve.

## REVOLUTION

As such, God's grace and protection is now being withdrawn from our country—the major prophecies are ready to unfold. In the words of Our Lady: "Your country, America the beautiful, shall know hunger. Your country, America the beautiful, shall know revolution. The just shall be crucified. Evil shall run rampant, My children." (June 1, 1978)

In retrospect, we see that the American Civil War prefigured that time in the last days when our nation would be torn and divided from within.

Sadly, the present division is giving the enemies of our country something to lick their chops over. As Our Lady has said, "The eyes of the world are on North America."

*David is the moderator for St. Michael's radio program and organizer for Los Angeles, Calif.*

(June 18, 1981) The enemy watches and waits for the day when America the beautiful will finally crumble and cave in with moral decay and strife.

## RIOTS

Needless to say, we are looking at a well-planned conspiracy to bring this country under subjection. In the message of April 5, 1975, Our Lady said, "Riots in your streets will become commonplace, My children, when the enemies of God bring about your complete fall." With a situation like this, the enemy could then rush in and rope us off.

Our Lady has spoken of a coming red invasion from Nicaragua on June 18, 1987: "Let the world know that Nicaragua is a center point for the capitulation of the United States of America and Canada. Already there are plans afoot, and in the making, with missiles and all dire instruments of destruction. These plans are being formulated from Nicaragua, to go into Mexico, and thereupon into the United States."

Yes, Our Lady says that the agents of Russia have been eye-balling our country for years, because they have a plan to take over. But even so, Our Lady says that the greatest danger to our country lies in the fact that we have already been invaded from within.

## OCTOPUS

A satanic group known as the Illuminati is firmly entrenched in our government and has control of our country's media. And they will use the media to focus the public eye on whatever hornet's nest they decide to kick up, while at the same time diverting our attention away from those hidden dangers they don't want us to see, including those dangers going on right now in and around our borders.

## CHECKMATE

For years Our Lady has warned that our country has been surrounded by Russian submarines and missiles.

They're just waiting for that opportune time when they can seize upon the situation, and take our country. So we have to pray now that the present situation improves.

On June 18, 1978, Our Lady said, "You will all keep a constant vigilance of prayer going throughout your world and your country. The United States of America, My children, without repentance, without restoration of godliness in the government and in the homes, the United States shall feel the first great devastation of its existence."

## DEVASTATION

The presidential battle was undoubtedly a harbinger of the "first great devastation." Whether this devastation takes place or is delayed will depend on us as Jesus warned on July 15, 1976: "Your country, the United States, is standing now, has placed itself upon a brink, a road to disaster. Much will depend upon your free will of exercising the power to place in your government men of God or men of dark secrets. Pray for your government and your leaders; pray that you choose wisely, for your country will be in chaos."

## Leave a legacy of your love through your will

It is a praiseworthy act of charity to remember the Mission from Heaven even after God has called you home. You are storing up treasure for yourself in Heaven because your thoughtful bequest will ensure that many more souls will be saved by this powerful message. And your glory in Heaven will be multiplied. Just simply designate us as a beneficiary in your will. Thank you.

# The Big Move

AVE MARIA! OUR OPERATION IS now under one roof. (Or just about—Michael’s office and the art department are nearing completion.) But the great news is that the most challenging part is over. Working against a deadline and other obstacles and details, we moved our 2200 square-foot print shop with 10 tons of presses, machinery and equipment to our new headquarters on time.

Whew! Mission accomplished and muchas gracias to St. Michael. Wow, His novena and consecration prayer really works (page 39 of our new prayer and hymn book, *Music to Heaven’s Ears*).

As you know, we purchased Our Lady’s beautiful new workshop in March 1999 (see *Golden Warrior*, No. 2). It’s a large three story, ten-room house that holds our offices with a spacious factory attached. At the time the factory had a tenant whose lease did not expire until October 31, 2000, so we had to temporarily lease another building around the corner for our print shop.

Recall that the factory was approved by the City of New York in 1930 on June 18!—the Anniversary day of Our Lady’s apparitions.

In any event, converting the factory into our new print and repair shop required a lot of planning, preparing, constructing, wiring, clean-up, and then finally, the big haul. It totaled about 1500 man-hours of work.

 It was a big, big move. And a big, big expense too—almost \$20,000. The electric roll-up door of galvanized steel cost us \$4,950 alone.
