

GOLDEN WARRIOR

notes

- Our Lady's 36th Anniversary was very successful. Over 700 pilgrims attended the Rosary Vigil and 250 pilgrims attended the Banquet. We definitely urge you to see the full Anniversary report at smwa.org. Philomena Rajendra of Kuala Lumpur, Malaysia, emails us: "I was very inspired and impressed by the photographs." Ted O'Goman of Newfoundland, Canada, emails: "The photos are awe-inspiring and a solid rock when you are surrounded by a world of unbelievers." Also recommended viewing: May Crowning 2006.

This instant Polaroid photo was taken on June 17, 2006, at the 36th Anniversary Vigil, by long-time devotee, Lita Farag, of Huntington Beach, Calif. She was asking a question about her parish where she and other Baysiders and faithful were being persecuted for kneeling. In fact, this battle attracted national attention when the pastor of the church declared that "kneeling was a mortal sin." In any event, as you can plainly see in the center of the photo, a big rat appears. Jesus explains: "Pastors, you must gather the sheep and not scatter them. You are misleading Our sheep. . . . You chip away and you burrow like rats into the structure, the foundation of My houses throughout the world" (Nov. 1, 1975).

- It is so sad (and scary) to see the surging violence in the Mideast, and given the complexity of the conflict, Our Lady's prophecy is all the more enlightening and timely: "Syria has the key to the solution of world peace or the Third World War. It will be the destruction of three-quarters of the world. A world aflame. . ." (May 30, 1981). Obviously, Middle East, HST No. 9, would be an excellent message to distribute anywhere. It's a great comprehensive presentation on WW3 that includes Biblical prophecy. Order today from SMWA.

- Father Robert Skurla celebrated Mass for all the Baysiders and their special intentions on Tuesday, July 4 and Friday, July 7.
